3-days rafting tour price: \$ 335 - 10% discount = \$ 301 per pax

FISHING ON THE BYSTRAYA RIVER

The Bystraya River is the right stream tributary of the Bolshaya River; it is an ordinary mountain river. It is possible to catch Chinook salmon, chum salmon, coho salmon, char, grayling, and rainbow trout coming to spawn in the river. Our experienced guides will show you the most convenient places for good fishing. During the fishing you will have also a chance to enjoy unique and untouched nature of the peninsula.

The Bystraya River is the perfect place for fishing both for amateurs and for professionals.

Fishing tour price: \$ 170 - 10% discount = \$ 153 per pax

VACHKAZHETS VOLCANO WATERFALLS

The Vachkazhets Mountain range is one of the most magnificent and beautiful places of the untouched Kamchatka nature. There is a picturesque Tahkaloch lake at the foot of the mountains; its water seems to be completely crystal in the good weather.

Vachkazhets surrounding mountains area is an unique example of altitudinal zones, where you can find mixed forest with the stone birches and high grass at the foot, then it gradually changes into alder and cedar trees, and real alpine meadows spread on the top.

Vachkazhets waterfalls tour price: \$ 110 - 10% discount = \$ 99 per pax

"TOLBACHIK ERUPTION AREA" TOUR (4 DAYS)

This exotic 4-days adventure will introduce you to one of the most fascinating places on our planet – a unique region which houses Klyuchevskaya group of volcanoes. You will see the highest volcano in the Eurasian region called the Klyuchevskaya Sopka, which started erupting on the 1st of January 2015. Ascending Flat Tolbachik Volcano you will find yourself in the surreal world of alien sceneries: lava caves, extinct volcano cones and the “Dead Forest”. You will also explore the area where the famous moon rover was tested in 1970.

“Tolbachik eruption area” tour price: \$ 500 - 10% discount = \$ 450 per pax

HELICOPTER TRIPS

The Valley of Geysers

A most spectacular gem of the Kronotskiy Reserve is our world famous Valley of Geysers, a must see for every single Kamchatka guest. The Valley of Geysers ecosystem is very unique, and very susceptible to outside influences, which is why it is one of the most closely guarded natural spots of Russia. Hot steam-jets, bubbling hot pools, as well as geysers themselves positioned along a 5km stretch of the Geyser river, with their spectacular displays, are all here for you to explore.

The Valley of Geysers tour price: \$ 620 per pax (no discount)

The Kuril Lake

The Kuril Lake is a place of exceptional beauty and tranquility, where one can get up close to and observe the fishing skills of the Kamchatka brown bear. The lake itself hosts the largest population of red salmon, attracting the largest brown bear habitat on the peninsula. It is one of the few places in the world where our guests can safely observe the life of a brown bear.

The Kuril Lake tour price: \$ 600 per pax (no discount)
